

Quick Guide to Nest Identification

✓	Black-capped chickadee or tufted titmouse	a downy nest of mosses, fur, and soft plant fibers.
✗	House sparrow	a nest with a jumble of odds and ends, such as grasses, cloth, feathers, twigs, and possibly bits of litter.
✓	Bluebird	a neat nest of fine grasses or pine needles.
✓	Tree swallow	a nest of grasses lined with feathers.
✓	House wren	a messy nest of twigs, occasionally lined with finer fibers.
