Businesses

Salamander Inn - *Salamander Resort Trails, Middleburg.*

You don't have to be staying in one of the gorgeous rooms at the Salamander Resort to enjoy their miles of trails through the woods and fields on their 340-acre property. Stop by the front desk for a map of trails to enjoy on foot, bike, or horse. Afterwards, you might even want to treat yourself to a massage at their spa!

Ravens Rock, Bluemont.

This slightly longer hike, across the highway from Bears Den, tends to be less crowded. The views are great, and rock climbers can often be seen here. (It's known to them as "Crescent Rock.") Turn right onto Ravens Rock Road off Route 7 and go almost 2 miles to a gate and parking area. If you park lower down on Route 7, in the AT parking area, your hike in will be a longer, steeper 5 miles.

Hill School Nature Trail & Polly Rowley Arboretum, Middleburg - pocket parking at gravel lots at the school.

Cross the newly redone bridge at the southern terminus of Pendleton Street to access a walking path of just over 2 miles that winds through 137 acres of gently rolling fields, streams, wetlands and woods on the Hill School property. Right across the bridge, the school dedicated the Polly Rowley Arboretum, with many species of trees.

Kathy Ann's Farm - October 16 - 17 during the Loudoun Farm Fall Tour - <http://KathyAnnsFarm.com/>

We have several man-made ponds along the trail, as well as the North Fork Catoclin Creek. We would like the opportunity to allow the people of Loudoun that are participating in the Walk for Wildlife the ability to have a weekend of fun to join us on the farm tour to see the domestic animals of our farm (sheep, goats, alpacas, poultry, livestock guardian dogs, swans, peacocks, horses, and more!) and make use of our farm trail to see the natural wildlife on the trail.
